

BUILD-A-HOUSE

1= HOUSE | 2=ROOF | 3=DOOR | 4=TWO WINDOWS | 5=CHIMNEY | 6=MAILBOX

YOU'LL NEED: Two dice (using this template), House pieces (page 2), paper to glue pieces of house to, glue.

INSTRUCTIONS: Each person takes a turn rolling the dice. One of the two dice has to be a house for it to continue to be their turn. If they roll house (square) give them a house to glue to their paper. They roll again. They next have to get a roof. If they don't get a roof, then it is the next person's turn. They keep playing as long as they roll in the right order. The first person to get their home built wins! (Note that they have to get two of number four)
