

Personal Progress Basketball

Directions for play: Divide group into two teams. Team One searches their Personal Progress books for specific Value Experiences based on the clues a leader provides (see below). While Team One searches, members of Team Two take turns shooting baskets until every member of Team One has her finger on the Value Experience in question. Team Two gets one point for every basket it makes during that time. At the end of a round (five searches), the teams switch places. Team One shoots baskets while Team Two searches for Value Experiences. The team with the most points after the pre-determined number of rounds wins.
